PROFILE

Web developer and creative technologist experienced in full-stack applications, client websites, CRM workflows, AI voice reception, Meta advertising, and AI-assisted video production. I build, test, and deploy digital tools for real business needs.

CORE SKILLS

CRM & marketing: Contact and lead management, pipelines, lead forms, appointment scheduling, automated follow-ups, Voice AI, Meta Ads Manager, Meta Pixel, Search Console

Development: JavaScript, TypeScript, React, Next.js, Astro, Python, APIs, Supabase / PostgreSQL, GitHub, Vercel, Cloudflare

Creative production: Higgsfield, Kling, ElevenLabs, HyperFrames, generative video, motion graphics, copywriting, campaign creative

RELEVANT EXPERIENCE

ADGO Studios | Co-founder - Websites, AI Automation & Digital Marketing | 2026-Present

- Built responsive business websites and lead-capture experiences, including Aurora Pool & Spa on Astro and Cloudflare Workers.
- Configured CRM workflows, web forms, appointments, automated messages, and Luna AI phone receptionist using GoHighLevel.
- Launched a paid Facebook and Instagram advertising campaign in Meta Ads Manager, covering creative development, campaign setup and targeting.
- Produced short-form video ad concepts using Higgsfield, ElevenLabs, and HyperFrames; managed business outreach and client communication.

Independent Software Developer & Creative Producer

- Developed applications including Raidio, Snapdex, and Jump Trainer using Next.js, TypeScript, Supabase, and AI-assisted development tools.
- Created PSYCH!, an original sci-fi universe with a published animated Episode 1 and a Next.js story platform, archive, and timeline.

OTHER PROFESSIONAL EXPERIENCE

The Home Depot - Hardware Sales Associate | 2025-Present: Technical product guidance and troubleshooting in hardware, electrical, and plumbing; customer service in English and Spanish.

Mosquito Squad - Field Technician: On-site customer service, equipment use, service procedures, and independent field work.

Amazon DSP - Delivery Associate: Time-sensitive route execution, logistics, and customer delivery service.

Construction / HVAC Helper: Hands-on installation support, tools and materials, and jobsite coordination.

Manufacturing / Production: Production operations, safety procedures, and quality-conscious work.

SELECTED WORK & EDUCATION
