Angel Gonzalez

Web Development | AI Automation | Creative Technology

San Fernando Valley / Los Angeles, CA | gonzalezangel0510@yahoo.com
portfolio-site-green-xi.vercel.app | github.com/hellsangel05

PROFILE

Web developer and creative technologist with experience building full-stack applications, deploying client websites, running bilingual Meta advertising, configuring GoHighLevel CRM and Voice AI, and producing Higgsfield-powered video commercials. English/Spanish; comfortable owning projects from discovery to implementation.

TOOLS & SKILLS

Development: JavaScript, TypeScript, React, Next.js, Astro, Python, APIs, Supabase/PostgreSQL, GitHub, Vercel, Cloudflare, responsive web design

Marketing & workflows: Meta Ads Manager, Facebook/Instagram ads, Meta Pixel, Google Search Console, GoHighLevel CRM, lead forms, appointment scheduling, automated follow-up, AI voice agents

Creative production: Higgsfield, Kling, ElevenLabs, HyperFrames, ChatGPT, Claude, creative briefs, generative video, motion graphics, bilingual copywriting

RELEVANT EXPERIENCE

ADGO Studios | Co-founder · Web, AI & Marketing Systems | 2026 - Present

- Launched an English/Spanish Facebook and Instagram advertising campaign through Meta Ads Manager targeting San Fernando Valley businesses.
- Built ADGO web pages and configured GoHighLevel lead capture, CRM workflows, calendars, automated acknowledgments, and Luna AI phone receptionist.
- Produced vertical commercial concepts using Higgsfield visuals and video, ElevenLabs voice/audio, and HyperFrames scene composition.
- Develop client websites and intake experiences, including Aurora Pool & Spa on Astro and Cloudflare Workers. Handle client discovery and troubleshooting in English and Spanish.

Independent Software & Creative Projects | Developer / Creator

- Built applications with Next.js, TypeScript and Supabase, including Raidio (synchronized radio), Snapdex (collectible cards), and Jump Trainer (video-based analysis).
- Created PSYCH!: original science-fiction storytelling, a released animated Episode 1, and a Next.js publishing platform with an archive, timeline and spoiler controls.

The Home Depot | Hardware Sales Associate | 2025 - Present

- Troubleshoot customer hardware, electrical and plumbing questions; explain technical product options in English and Spanish.

Earlier work | Field service, manufacturing and construction support

- Practical customer-facing and technical work involving on-site troubleshooting and following detailed procedures.
